

xm is far superior than any other radio in the U.S. It has the info and great music you could ever ask for. We ask to reject the NABS 04-160 petition and give full support to the XM radio. Its wonderful to have such a wide selection of news, info, and music available to all of us. My husband is a truck driver and the xm radio is great from state to state, he can always get the latest on weather, news and sports!! We also have one at home, Its the best.
